TWENTY 2018-2019 HONORABLE MENTIONS

My unique boat design features a house on the deck. I chose the theme to make it more special because the children come from many cultures, ages, and have different backgrounds. I want my boat to show everyone that we are all different, but everyone has their own unique features that make them special.

Olivia Bernal
My hot air balloon is pink and red. I chose this theme because I love the colors. I want to show everyone that we are all different, but everyone has their own unique features that make them special.
